

# The Adventure Rush

Today at 1pm. Hundreds of Cubs, Scouts and Explorers all lined up at the Adventure gate waiting for the opening. Once the signal had been given they all raced for their favorite activity. Probably the favorite activity of the day was **Robot Wars**. If you missed you chance, sorry

rage was evident, so these are our budding future drivers.

Just to prove you don't need snow to go sledging, the grass sledges hardly stopped being taken up and down the hill.

### Summer Sledging

but we did say it was only for the day.

### Cubs go quad-ing

The quad bikes were also a hit with the cubs. As far as we are aware, no road

## Crate Stacking Challenge

The crate stacking started early in the day with a record of 11 1/2 layers. Soon after lunch this record was broken and then stood at 13. This was soon raised to 13 1/2. On the second afternoon session even this record was topped! The current record

now stands at a fantastic 15 1/2 layers. This is held by twin sisters from the 5th Littlehampton Scout Group.

How long will this stand?  
**COME ON BOYS!!!!**

# Activities

---

## Day filled with fun activities

Reporter: Ben Rowe – Warrior Explorers

The day started at 8:30 for most Cubs, Scouts, Explorers and leaders. Filled up with an enjoyable breakfast filled them up with excitement and challenge. As the camp fell silent the flag was raised and groups were sent off into their particular activities such as rock climbing, abseiling, mounting biking and crate stacking. For those with a more creative side there were different crafts sections in the main marquee. Such activities included bead making, henna tattoo and a number of key-ring making tasks.

The final events were open at 1:00 pm this was opened by Julie Dixon – District Commissioner as she broke the rope apart hundreds of kids fled onto the fields involving them self in even more activities blown up assault courses, bouncy castles, bungee run, air rifle shooting etc !

## Exciting events eventually take place!!

Reporter: Jessica Pettitt Warrior Explorers

Most of the camp were awake by 8a.m. and ate breakfast pretty fast with the flag break to follow soon after!

Not long after we set out on our first activity since the camp got underway and for the Warrior Explorers it was orienteering. We were very enthusiastic and completed it successfully with the girls: Jessica Pettitt, Maria Humphrey, and Kirsty Fitchett winning the orienteering beating the 7 other boys.

Moving on swiftly next was mountain biking and we cycled around the site, up and down hills and pushing the bike up the HUGE hill at the back of the field. The time came around at 1p.m. on the dot for the rest of the exciting activities to open up for everyone to have a go at. The District Commissioner, Julie Dixon, opened up the activities by cutting the

piece of rope restricting the Scouts from entering.

There were a few problems with the inflatables as they wouldn't stay inflated. The boys Liam and Dan from Yapton Explorer Unit getting the crate challenge record. (Ed: HA! No they haven't!) As I looked around it seemed that everyone was having a fantastic time and didn't want it to end so soon.

Later on in the night the **X-Factor** competition took place with the drum major of the Scout band embarrassingly taking part, Adam Woodroffe. Many other took part and the night was a success.

**(Ed. The winner was Joe Winstone—Rustington Frontiers, with a song composed by himself)**

# Lonely Hearts

---

A larger than life Skip seeks a loving friendly Brown Owl / Akela for TLC at camp. Size 16 + only!!

Following a lively discussion about the leaders retreat, it has been found that 1st Rustington may have taken things into their hands. Please look at the picture and make your own mind up.

Is this site services equipment or an illicit still!?!?

Squeaky is said to be holding an overnight enquiry into the matter.

# Open Invite

---

1st Rustington are offering cream teas to Leaders and Explorers. Wednesday 3p.m. on the Rustington site in the large marquee.

(Please note that at the time of print, the editor has not been able to confirm the accuracy of this report. My suggestion is that you check this out yourself, contact Rustington direct).

## **4th Littlehampton Stretch the limits**

Are your Cubs too small?

Are your Scouts vertically challenged?

You need **STRETCH-A-SCOUT!**

For a small fee, we can stretch your Cub or Scout to a more respectable, practical height, using our patented technique of towbars and ropes.

(Ed. Note: This item has yet to be checked against P.O.R, risk assessment, and Scout insurance, use at your own risk!)

## **Lost & Found**

Security are building up a pile of lost and found kit. They ask could the dirty Herbert that lost his wash-kit please come and collect it! Also look out for a one legged trainer-less Scout.
